

**Wattle Flat – Royal National Park
A photographic essay ---- Brian Everingham**

February 2021

White-faced Heron amidst the weeds and an observant Pacific Black Duck

Olive-backed Oriole

Lomatia myricoides – River Lomatia

Alphitonia excelsa – Red Ash

Male Satin Bowerbird

Sacred Kingfisher

Superb Fairywren, female

White-browed Scrubwren

Red-browed Finch being uncooperative

The ubiquitous Eastern Yellow Robin

Young Lewin's Honeyeater

Large-billed Scrubwren

White-throated Treecreeper

Black-faced Monarch

Scarlet Honeyeater

And of course there were a few reptiles!
