

# LOCKED DOWN SYDNEY

## FOLIAGE, FRUIT AND FLOWERS

**July 23<sup>rd</sup> 2021**

Faye and I went “walking” in the rain this afternoon. It was more a tribute to flowers, fruit and foliage than a real walk but we were exercising the soul! Come along with us.

Our first visit was to the track leading to the site of the old Scientists Cabin.

We ignored the rain and then drove to the track head for the Curra Moors Fire Trail.
